

## **From Editorial Office**

**A**S we would like to increase the quality as well as the number of recipients of our magazine, the editors of the “Review of Historical Sciences” asked the Ministry of Science and Higher Education for a co-financing of the translation into English of two issues of our magazine. In 2017, we obtained money to finance this project under contract No. 501/1/P-DUN/2017 from the funds of the Minister of Science and Higher Education designated for the public dissemination of science. In this situation, we decided to translate the second issue of the “Review of Historical Sciences” of 2017 and the second issue of 2018. However, to maintain the continuity of the publication of the magazine, which has been published only in Polish so far, we decided to publish two volumes of the second issue of our magazine, the first in Polish – 2017, vol. XVI, No. 2, and the second in English – 2017, vol. XVI, No. 3 (translations of all texts into English). A similar solution will be applied to the second issue of the “Review of Historical Sciences” of 2018.

We hope that actions undertaken by us will find understanding not only among our readers, but also among new, English-speaking recipients of our magazine.

Łódź, December 2017
